

Brian Wright

Master Wood & Bone Craftsman

To all you river and ocean loving people out there my name is Brian Wright. I have been passionate and held an interest with fresh [water](#) and marine life for as long as I can remember. As a boy I vividly remember the underwater pioneer Jacques Cousteau and his team on the mighty Calypso. Along with that great theme song by John [Denver](#). It was at this time I learnt to [fly](#) fish and catch eels off the [banks](#) of the Motu River.
